

CONSONANT T O S S

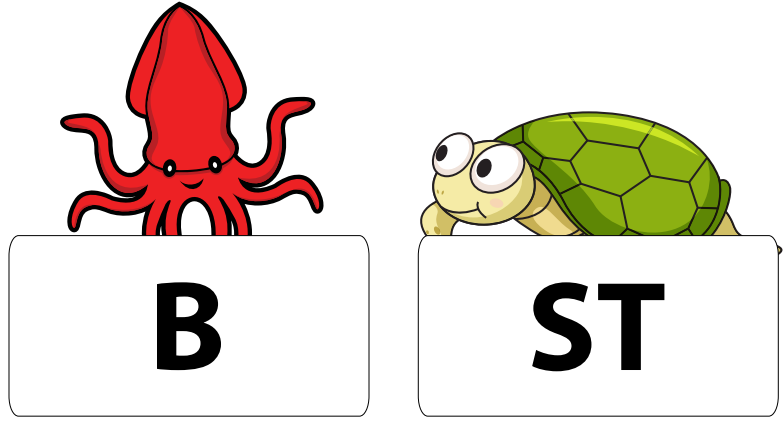

Phonics is the relationship between sounds and letters. It can be used to read or decode words.

Materials:

- Gameboard (provided)
- Penny or token

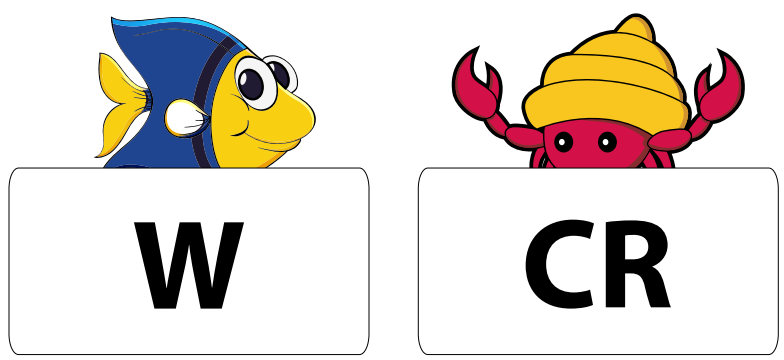

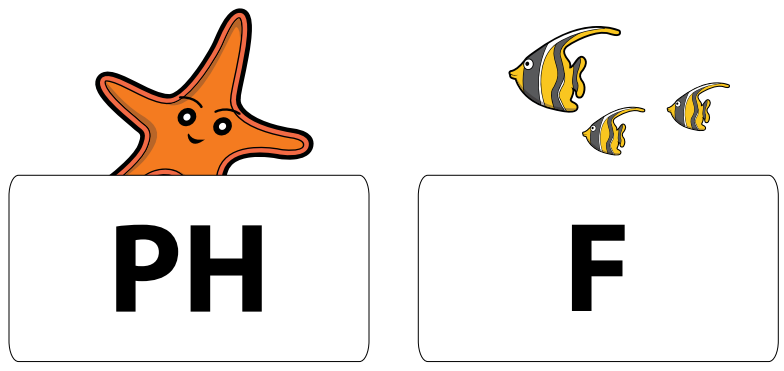

Preparation:

- Print the gameboard.

Activity Instructions:

1. Give each family a gameboard.
2. Each family members takes a turn tossing the penny or token onto the game board, into a square containing a letter (or letter combination).
3. The person who tossed the token then has to say a word that starts with that letter or combination. Each word must be new—no repeats!
4. Variation: For an extra challenge, encourage participants to think of words that relate to your theme.
