

CREATE A MATCH

Vocabulary refers to the words a reader knows. Reading vocabulary refers to the words a reader knows when seen in print.

Materials:

- Word list (provided)
- Concentration instructions (provided)
- Markers or crayons
- Index cards

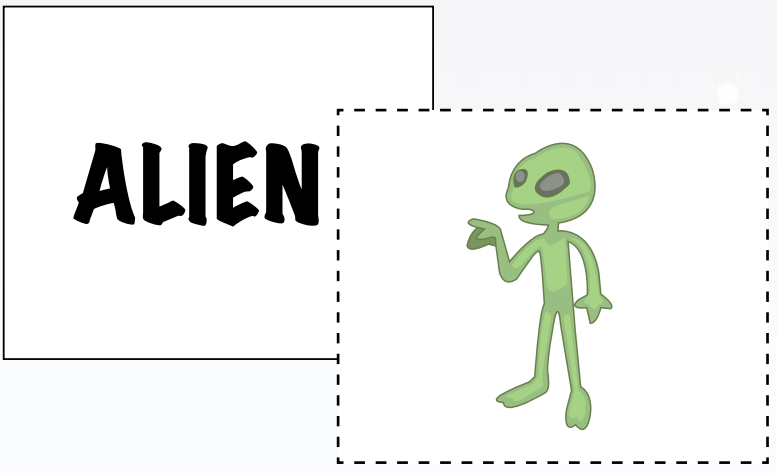

Preparation:

- Print the list of vocabulary words and instructions for Concentration. Make enough copies for each family to take home. (Option: Laminate just a few copies for families to use and return.)
- Divide the index cards into sets of 20-30

Activity Instructions:

1. Give each family a copy of the word list and Concentration instructions, a set of index cards and markers or crayons.
2. Encourage parents to select 10-15 words for their children to learn and practice.
3. Have parents write each word on one card. Have their children draw a picture of the same word on another card.
4. When families finish a set, they have a deck of cards to take home and use to play Concentration.

Concentration Instructions:

1. Shuffle the cards and place them on a table, face down, in a rectangular pattern. For example, if you have 20 cards, place them in five even rows of four cards each.
2. The youngest player goes first.
3. On each turn, a player turns over two cards (one at a time). If the cards match (i.e., a word and a picture of the same word), the player keeps those cards. The player then takes another turn.
4. If the cards do not match, the player turns both cards face down again. It is now the next player's turn.
5. Play continues until all cards are matched and removed from the board. The player who holds the most cards is the winner.
