

## FIREARMS

Year after year, PTA members advocate for sensible gun safety and violence prevention policies that will help keep children safe. National PTA believes policies and legislation must include but not be limited to:

- Fund research on the causes and effects of gun violence on youth and communities, as well as evidence-based strategies to reduce gun violence
- Establish education programs to teach students, parents and community members about gun safety and violence prevention
- Fund research of “Smart guns” that fire only after a fingerprint or a PIN is entered, or if used near a particular bracelet

Given the history and tradition of strong support for the safety and protection of children and youth, PTA supports federal restrictions on firearms that would:

- Require a waiting period and comprehensive background check for all individuals prior to purchasing a firearm, to screen out illegal firearm purchasers such as convicted felons, violent misdemeanors including domestic assaults, and drug-related offenders;
- Restrict internet gun sales, including kits that can be used to make and modify guns;
- Ban the sale of Ghost Guns<sup>1</sup>;
- Tighten enforcement of laws on straw purchases<sup>2</sup> of weapons, and institute some limits on how many guns can be purchased in a month;
- Institute a background check for ammunition purchases;
- Ban bump stocks, military-style semi-automatic assault weapons and large-capacity ammunition magazines;
- Require knowledge of appropriate firearms use and safety practices, including safe gun and ammunition storage.

---

<sup>1</sup> Ghost Gun: A homemade or improvised firearm that lacks commercial serial numbers. In the US, unserialized guns are legal because the owners are not subject to federal or state commercial background regulations.

<sup>2</sup> Straw purchase: Buying a gun for someone who is prohibited by law from possessing one or for someone who does not want their name associated with the transaction. An illegal firearm purchase “straw purchase” is a federal crime.
