- 13% Support the Arts

Testimonials from Schools of Excellence

“School of Excellence gives PTAs a structure for collecting member feedback and an approach to intentionally using it to shape their efforts. The process of collecting and using data this way to drive our efforts and measure their success is critical but may not come naturally to all PTA leaders. The SOE program’s support in bringing this approach to local PTAs feels very valuable and impactful.” Bailey Bridge Middle School, Virginia

“Receiving such a prestigious award builds trust from parents and promotes advocacy for leaders and faculty members to continually foster an inclusive, engaging relationship for all families. In return, it aids to provide an incredible educational experience for all of our children.” Brit David Magnet Academy PTA, Georgia

“The School of Excellence program adds value to our campus and school culture. By being a part of this program we have seen our scholars’ academic performance increase, as well as parent involvement.” Collegiate Preparatory Elementary School Principal, Texas
