

Our PTA Supports Your Child's Education

Hosting a Reflections Art Program and recognizing the artistic efforts of all students who participate. Plus, winning Reflections artworks can advance to the state and national level—your child might even receive scholarships and opportunities to exhibit and showcase their work.

We are thrilled that you know a child who is participating in the Reflections program this year! This is all made possible by the PTA that supports this school.

Will you and others in your family support our efforts by becoming a member of the PTA this school year?

PTA believes that together, we can make every child's potential a reality—but we need more believers like YOU. We need YOU. **Will you join us?**
