Proposed Bylaw Amendment for Consideration at the 2019 National PTA Convention

Article XI Committees

Amend Article XI Committees, Section 1 Standing Committees, letter A Composition, Appointment, Accountability, Ex-officio Members, Subcommittees and Term, Subsection 1. f by inserting the sentence, “A quorum of the historical preservation committee shall be three (3).”

Current Wording Section 1, Subsection f

The historical preservation committee shall be composed of the past national presidents with the immediate past president serving as the chair. If the immediate past president chooses not to serve or is unable to serve, the committee shall elect the chair.

Proposed Wording Section 1, Subsection f

The historical preservation committee shall be composed of the past national presidents with the immediate past president serving as the chair. If the immediate past president chooses not to serve or is unable to serve, the committee shall elect the chair. **A quorum of the historical preservation committee shall be three (3).**

Rationale:

Currently the Historical Preservation Committee consists of all the living Past National Presidents. Some of the Past National Presidents do not actively participate on the Committee. This proposed amendment will provide a quorum that will allow the Committee to function effectively.
